QUESTION	ANSWER
1. What is the main theme of the course?	The main theme of the course is the study of the foundations of philosophy, including the nature of reality, knowledge, and ethics.
2. How does the course approach the study of philosophy?	The course approaches the study of philosophy through a combination of reading, discussion, and writing. Students are encouraged to engage with the material critically and to develop their own arguments.
3. What are the key topics covered in the course?	The key topics covered in the course include the nature of reality, knowledge, and ethics. Specific areas of focus include the philosophy of language, the philosophy of mind, and the philosophy of action.
4. How is the course structured?	The course is structured into several units, each focusing on a different area of philosophy. The units are designed to build on each other, providing a comprehensive overview of the field.
5. What are the learning objectives of the course?	The learning objectives of the course are to provide students with a solid understanding of the basic concepts and methods of philosophy, and to develop their critical thinking and writing skills.
